

Indications hotel access

To access our hotel you must do so through C/ Sancho IV el Bravo during the hours allowed for traffic (consult according to season). Once you have accessed the road, in front of the "La Calzada" pharmacy, you will find a loading and unloading area where you can stop to unload your luggage. Once the download is complete, they should continue to one of the closest car parks, such as the one located on Calle Calzadilla de Téllez, which is a 5-minute walk from the hotel.
