

The hotel **Casa del Capitel Nazari** is located in the Albayzín quarter. UNESCO declared this area a World Heritage Site, so the traffic is restricted, and it's very difficult to drive in this area. If you come by car the best thing is leave it in a car park; however you should know that it is very difficult to find a place to park the car permanently around of the hotel.

(Parking Puerta Real, in Acera del Darro and Parking Triunfo in Avenida Constitución).

We have an agreement with these public car parks that have a special rate for our guests (22.00 Euros/24 hours). You pay the parking at the hotel and we give you some tickets each time you need the car. We cannot book you a space because it is a public car park. These car parks are "**Parking Puerta Real**" (Acera del Darro Street) and "**Parking Triunfo**" (Avenida de la Constitución Street, in front of the Jardines del Triunfo). We recommend the first one because it is the nearest parking to the hotel.

Please, take a taxi from the car park to the hotel, If you ask the cab driver for the bill we will discount this amount from your parking bill. We can only discount one way taxi, from the right car park to the hotel. (For having the discount it is very important you park in one of our car parks and you bring us the taxi bill) If this parking is full you can tell the parking staff you are our guest or going to the parking Triunfo.
